

FINALLY

**A WAY TO OFFER ECONOMICAL
SAFE & RISK FREE
PEDISPA SALON SERVICES**

No plumbing required – just a PowerPoint.

SAFE & RISK FREE PEDISPA DIRECT FROM USA

**Attract more customers by offering a luxurious
SALON pedispa service without the health safety risk.**

The Belava Pedicure System made in the USA and Australian Safety Certified comprises:

1. A footbath tub made from durable lightweight plastic designed for easy carrying and filling
2. Disposable liners for maximum safety/hygiene (fit perfectly in the tub) and eliminates the need for scrubbing and cleaning.
3. The salon professional grade heater/massager unit with three level settings for vibration and heat. Also incorporates three important safety features: automatic shut off, electronic splash control and double heater insulation.

**BELAVA HEATER MASSAGER UNIT \$449.00
MASSAGER + PEDICURE TUB + 5 DISPOSABLE LINERS**

Note: The Belava Pedicure System has been specifically manufactured and modified for use in Australia and can only be purchased in Australia from authorized local salon distributors. Each unit is supplied with an authorized certificate of approval confirming compliance.
